

AMIDST: Agenda for Teachers Training Workshop Part 2: Geoscience Content

(Version 1 – dated March 03, 2008)

Thursday: March 6, 2008

Location: WRRB Conference Room 101

- 09.30 am: Welcome and Introductions
- 09.40 am: About NSF OEDG and the AMIDST Project
- 09.55 am: About Evaluation and Assessment + Pre-Workshop Assessment

- 10.15 am: Coffee Break

- 10.30 am: Traditional Knowledge and Cultural Perspective (Charlie Robert)
- 10.45 am: Earth System Science and Carbon Cycle
- 11.15 am: About Forest Fires
- 11.45 am: Panel discussion on Forest Fires

- 12.15 pm: Lunch

- 01.15 pm: Visit to MODIS receiving facility, ASF, spectrometry lab
- 02.00 pm: About Permafrost and Climate Change
- 02.45 pm: Panel discussion on Permafrost (followed by measuring effects of permafrost in the WRRB parking lot)

- 03.15 pm: Coffee Break

- 03.30 pm: About Satellite Remote Sensing (followed by hands on experience with taking thermal images using the FLIR camera)
- 04.00 pm: Brainstorming on methods for introducing geoscience content in class
- 04.30 pm: Timeline and Any Other Issues
- 04.50 pm: Post Workshop Assessment

- 05.15 pm: Adjourn
