

### **AMIDST: Exit Interview Questions for Nome Teachers:**

1. Please tell us what you consider the highlights of working with the AMIDST project. Please comment on your gain (or lack of gain) in/due to all of the following elements:
  - a. Geoscience concepts and content knowledge
  - b. Use of technology in the classroom
  - c. Digital story telling
  - d. Working with scientists and elders
  - e. Other elements of the project
  
2. What would be an ideal timeline for a project like AMIDST? Please include how the timeline we used worked or did not work for you. Please comment on the timeline for each of the following elements:
  - a. September teachers' workshop in Fairbanks
  - b. March visit by Rainer and Anupma for Geoscience Content to students
  - c. April visit by Jason Ohler for Digital Story Creation
  - d. May visit by Cheryl in Nome for interviews
  - e. Overall timeline
  
3. Please give suggestions of how the project could be improved.
